Enrollment—Misses Elizabeth Elliott, Elizabeth S. Hall, Helen Sharpneck, Irene Chester, Edna Jacobs, Lura Wingert.

Meals—Mrs. H. F. Lowstuter, Mrs. Thos. McVay, Mrs. K. R. Terwilliger, Mrs. D. F. Worthington, Mrs. S. M. Mason, Miss Sarah Braden.

Badges & Decoration—D. H. Glunt, W. H. Atkins, W. C. Clark, Glenn Brumbaugh.

Publicity & Program—H. E. Price, Carl M. Wertz, L. F. Flint.

Finance—A. L. Bowers, D. F. Worthington, Kate McPherson.

FREDERICKTOWN

POST OFFICE LOOTED

The Fredericktown postoffice was robbed some time Monday night, the thieves securing about \$140 in cash and at least \$300 in stamps. The robbery was discovered Tuesday morning when Mrs. Helen Rodgers, postmistress, found the office to open for the day's business. She found that the safe had been broken open, the contents gone through and everything of value taken. The news spread rapidly and the robbery was the general topic of conversation throughout the day. The robbery was reported to the post office authorities at Pittsburgh, and inspectors arrived during the day to make an investigation. There is apparently no clue as to who the robbers were, although the report prevailed that the theft was committed by the same gang that held up the Finleyville bank.

Change of Banking Hours.

All of the Banks in the Monongahela valley, from Monongahela to California inclusive, will close at 12:00 o'clock noon on Saturday, beginning May 29th until October 16th inclusive. The Charleroi Banks will be open from 8:00 until 9:00 P. M. on Saturday as usual.

30114*

DONORA MAN OBJECTS TO ALIEN LANGUAGE EVIL

"It has come to a fine pass when we have to have memorial services advertised in Donora with the fact that there will be speeches in foreign languages made prominent," declared Gilbert E. Koedel, at Friday afternoon's meeting of the Donora Community Service directors. "We have only room for one language in America and some steps should be taken to bar foreign language newspapers and to stop the teaching of foreign languages in the schools," he further declared.

Deputy Coroner Crowley having made an investigation of all the facts obtainable in connection with the drowning of John Koss, at the foot of Eighth street, Sunday evening, has made a report to Coroner Greenlee, who decides that no inquest was necessary.

OFFER REJECTED BY STREET CAR MEN

The street car men will meet Thursday evening to take a vote on the wage question. The offer of arbitration made by the receivers of the Pittsburgh Railways company was not accepted, the employees in their communication to the railway officials saying: "We wish to state that in agreeing to the postponement of our wage controversy for 30 days this was arbitration and we so advised our men in our meetings held April 27 and 28."

The receivers of the company are anxious to submit the question to a arbitration, and quoted the rules of the Amalgamated Association of Street and Electric Railway Employees as to how such arbitration should be brought about. These provide for summoning the international president of the organization and specifying that he shall make a tender of arbitration before authorizing a strike.

The men on the other hand have replied that the postponement of the wage controversy was arbitration and that now final action will be taken on the demands made by the men a few months ago.

Wilson Piper, who served overseas as a member of Co. A., 110th Infantry who was discharged upon his return a year ago and then re-enlisted in the service for one year, was discharged last week, and returned on Sunday to Charleroi.

Mrs. G. T. Bowser of Shady avenue left Saturday morning for Corry, Pa., where she will spend several weeks, for the benefit of her health.

Word was received in Charleroi on Tuesday by Mrs. E. Dawson of the death of her brother-in-law Robert Gray of Tarpon Springs, Florida.

Asks \$50,000 From the Lilley Estate for Housekeeping Services

Isabel Simon, who was housekeeper for Thomas Lilley, late of East Pike Run township, and who died leaving an estate estimated as worth approximately something over two million dollars, has filed a suit against Thomas and Jacob Elliott, executors, in which she claims \$50,000, for services rendered during the lifetime of Thomas Lilley. She lived at and had charge of the Lilley home, Thomas Lilley never having married, from September 15, 1902, until January 5, 1920, the date of his death. In all these years she avers, Thomas Lilley had promised her that upon his death he would leave her enough so that she would not have to work any more. This he failed to do. The plaintiff, in her statement, sets forth a large number of details in connection with the alleged agreement, in which she states that at the time she consented to take up the duties of housekeeper at the Lilley home she was living on a farm near Zelazville; that she had worked in the Lilley home, during the lifetime of the parents of the deceased, and had remained there for a number of years, and was acquainted with the laborious and exacting duties of the home; that frequently during his life time, Thomas Lilley had reiterated his statement that he would provide for her. During the first ten years she received \$30 per month, and that during the subsequent years she received \$5 per week. However, in disposing of his estate he failed to keep his alleged promise, and hence the suit.

FURTHER PLANS FOR MEMORIAL CEREMONIES

The Joint Memorial Committee of the Charleroi Post of the American Legion and the Raymond Craft Post of the Veterans of Foreign Wars, held a meeting last evening, at which meeting further plans were made for appropriate religious exercises to be held Sunday afternoon and for Memorial Ceremonies to be observed on Monday afternoon, May 31st. The complete program for these exercises will be announced tomorrow.

The two soldiers organizations of Charleroi have united for the purpose of securing proper observance of Memorial Day, but the participation in these exercises will not be limited to the members of the two organizations. The services will be in honor of all deceased service men and all returned soldiers, sailors and marines are urgently requested by the committee to assist and take part in honoring the memory of those who gave their lives.

It is hoped that the exercises this year will establish a custom for the observance of Memorial Day which will be followed in all years to come. The Committee have communicated with the employers in an endeavor to secure permission for service men to be absent from work on Monday afternoon, May 31st, and it is expected that these efforts will meet with success.

Thomas A. Morgan.

Thomas A. Morgan for the past twelve years a resident of Charleroi died at his home, 401 Fallowfield avenue, Tuesday, May 25, at 6:30 p. m. He is survived by his widow, Mina Beatty Morgan, and three sisters, Misses Elizabeth and Jennie of Pittsburgh and Mrs. Thomas Fogarty of New York. Funeral services will be held Friday afternoon at 1:00 o'clock, with interment in Homewood cemetery, Pittsburgh. The funeral services will be in charge of Rev. John R. Burson, pastor of the Washington Avenue Presbyterian Church of whose church he was a member.

The Ladies Auxiliary of the A. O. U. of Monessen will hold a dance in her duties at the store of J. E. McGroatin Hall, May 27.

BODY OF WOMAN FOUND IN RIVER

The body of a woman, apparently about 65 years of age, was found floating in the Monongahela river near the sand hoist of the Pittsburgh Plate Glass company by Elijah Barbee, about 8:30 o'clock this morning. The body was brought to shore and Deputy Coroner Crowley notified. He removed the body to his morgue, where it will be held for a time while it was prepared for burial and awaiting identification.

The woman was evidently drowned, as there were no marks about the body to indicate foul play. She was about five feet tall and was dressed with a black skirt, gray petticoat, black stockings, a blue gingham waist, a black sweater, and a long black coat. She wore black shoes with black felt tops. The woman was likely of foreign extraction, and from the appearance of the body, had not been in the water very long.

AMERICANIZATION NEEDS DISCUSSED BY GUILD

The Westminster Guild of the Washington Avenue Presbyterian Church met Tuesday evening, in the Wikstrom home at Lock Four. The New Era allotment for the Guild work during the year was presented by the Secretary, Miss Helen Fleming. The home and foreign work for the years 1919-1920 was presented by Miss Elizabeth Elliott. The topic for the evening's discussion was "Americanization Needed at the Present Time." A paper prepared by Mrs. Zenob Bauloux on the language question was read by Miss Nell Ryland. Mrs. John Gaut contributed a piano solo, and Mrs. John H. Clut, discussed the language question, affected by the late war. Plans were made for the Mother's Meeting in June, when each young lady will be privileged to bring her mother. A social hour followed the program, when the hostesses, Mrs. Zenob Bauloux, Miss Bowman and Miss Estelle Bauloux entertained.

Miss Mary Walker, after an illness of many months, has resumed her duties at the store of J. E. McGroatin & Co.

STRIKE CALLED ON TOWING STEAMERS ON LOCAL RIVER

TEACHERS GAVE DINNER FOR RECENT BRIDE

The teachers of the Fifth street school building served a very pretty appointed dinner in the school building yesterday afternoon in honor of Mrs. Wesley Peters, a fellow teacher, and a recent bride. Plates were laid for twelve. The decorations were of pink and white, with a centerpiece of snowballs, bridal wreath and pink roses adorning the festive board. The honor guest was presented with a set of beautiful sherbet glasses by her co-workers. Mrs. Peters, who was one of Charleroi's most efficient teachers, has decided to sever her connection with the local schools with the close of the present term. She and her husband will shortly take up housekeeping in the Lowstuter apartments on Fallowfield avenue, and with them will go the best wishes of a host of friends for abundant future happiness.

NO TRACE OF FINLEYVILLE BANK ROBBERS

No trace has yet been found of the bandits who on Monday afternoon robbed the First National Bank on Finleyville. So far they have been able to baffle the police and detectives, and are apparently at least for the time being, safe in their retreat. Not the slightest progress was reported from any source.

J. H. Boyer, cashier of the bank, stated Tuesday evening, that Bank Examiner Miller had completed his inspection of the accounts and condition of the bank in general. The examiner said the institution was perfectly solvent and to open the doors and conduct business as usual.

Mr. Boyer further stated that the original estimate of the losses is about correct. This was that the bandits secured 15,000 in cash and probably 20,000 in negotiable securities and bonds. Securities to a large amount were taken but will be useless to the bandits.

Cashier also said that insurance carried by the bank totaled 45,000 and that there was no provision in any of the policies that more than one man must be in the bank when it is robbed to secure payment.

It developed on Tuesday that the license plates used by the bandits had been taken from a car owned by Ephraim Truxall of Brookline, whose machine was standing in the Noblesstown road, Rennerdale, Monday, a short time before the robbery occurred. The plate bore the number 143,286 and it is believed the robbers painted over the figure 8 making it a 6, so as to indicate license 143,266.

A Chicken Dinner will be given by the Ladies Auxiliary of George Raymond Craft Post No. 256 Thursday evening, May 27 from 5 to 9 P. M. at the Christian Church. Tickets can be purchased at Pipers Drug Store, Hennings Drug Store and Miss Richardson's Real Estate office. 300-13*

Boats, However, Were Running as Usual in Spite of Walk-out

OWNERS WILL NOT GRANT RAISE

A strike was declared Tuesday afternoon by Local 942, International Longshoremen's Association, to take effect at 4:30 o'clock p. m. The union's grievance committee had rejected that demands for wage increases had been refused by the employing stamboat companies.

The demands made by the men were as follows: Deckhands and firemen, an increase from \$117 a month and board to \$172 a month and board; mates from \$167 a month and board to \$280 a month and board; watchmen from \$141 a month and board to \$208 a month and board.

It was reported Tuesday afternoon that the men were leaving the boats as fast as they arrived in port, and while this may be true of members of the Longshoremen's union, it is also a fact that the boats appear to be operating as usual. Steamboat owners say the boats will run in spite of the fact that a strike has been declared, saying they are able to secure all the men needed to man the boats.

Steamers were running as usual throughout the night and during this morning, and apparently there was no indication of any strike so far as the crews were concerned. Twenty-one boats had passed through Lock 4 from 3 a. m. Tuesday afternoon to 3 o'clock Wednesday morning. This shows that there has been no cessation of activity on the part of the towing steamers, and from indications this activity will continue. Masters of Transportation, when questioned a few days ago concerning the proposed strike, said that boats would be operated as usual, evidently having made arrangements to secure men from other localities to take the place of any of those who might quit. The outcome of the strike will be watched with interest.

SALE OF LILLEY COAL AND COKE STOCK POSTPONED

Thomas Elliott and Jacob Elliott, Executors of Last Will and Testament of Thomas E. Lilley, through Cotton & Cotton and Guy Moffitt, their counsel, announce that the sale of the Lilley Coal & Coke Company stock advertised for Thursday, May 27, 1920, at 1:30 P. M., has been postponed to a later date, of which due public notice will be given for the benefit of all prospective bidders. 30111*

MENNONITES FOR ALABAMA.

Eight thousand Mennonites are preparing to emigrate from Canada to the United States, expecting to settle in the State of Alabama. In need of settlers for their western territories and making efforts to secure them the Canadian authorities are naturally loath to see this exodus. For the Mennonites are excellent farmers. "More than 8,000 persons," says the Ottawa Citizen, "equally divided between Manitoba and Saskatchewan, will be affected, thirteen or fourteen prairie towns will be practically depopulated, temporarily, at least, and land holdings, highly improved, valued at more than \$10,000,000, will have to be sold for what they will bring."

The Mennonite sect was founded in Holland by Simon Menno in the sixteenth century, drew its first recruits from the Anabaptists and spread to several other countries in Europe. We read that they "professed belief in the personal reign of Christ on earth during the millennium, in the unlawfulness of oaths, of war—even in resisting violence and wrong—of lawsuits, and of allowing civil magistrates to be members of the church." Their troubles and migrations were due chiefly to their refusal to serve in war. Catherine of Russia welcomed Mennonite settlers in 1786, granting them freedom from military service. Napoleon granted the same exemption to colonies of them in the Vosges. Even in Holland they were able to secure exemption from war service, from public office and from taking the oath. Mennonites settled in Pennsylvania as early as 1683 and have greatly increased in numbers and prosperity in that state. Many more came to this country in the latter part of the nineteenth century owing to the abrogation of the special privileges originally granted them in Russia.

The ancestors of the Canadian Mennonites went to that country in 1786. What promises were made to them is said to be uncertain, but it is reasonable to suppose that they asked for the usual exemptions. They now complain that during the world war they were harassed and disturbed, and since then they have been in anxious controversy with the authorities in connection with the compulsory school attendance act which they resist. In Alabama, where they are now negotiating for a large tract of land, they need have no fear of being forced into war, conscientious objectors of several sects enjoying exemption under American law. Formerly they would also have been free to keep their children out of the schools, but now that Southern states have enacted compulsory education laws, they are likely to encounter difficulties in this particular wherever they may go. The Alabama experiment will be interesting to watch. Apart from the exemptions which they insist on, the Mennonites enjoy the reputation of good citizens as well as industrious husbandmen.

FARM ORGANIZATIONS

Senator Arthur Capper of Kansas has introduced a bill in the Senate to authorize association of producers of agricultural products. Under the provisions of the bill, farmers, ranchmen, dairymen or fruitgrowers would have the privilege of acting together as associates, in handling and marketing their products to their mutual benefit. Restrictions on the new associations would be similar to the provisions of the Clayton anti-trust act. An association of producers would not be permitted to pay dividends on stock or membership capital in excess of one per cent and the Secretary of Agriculture would be given the power to serve complaint upon any association for practicing methods in restraint of trade. The bill relates only to organizations that handle commodities entering into interstate commerce.

Since President Wilson has failed to keep a single one of the platform pledges on which he was first elected it is fair to conclude that he thinks a party platform serves the same purpose as a railway car platform—something to get in on.

The Ladies Auxiliary of the A. O. H. of Monessen will hold a dance in Croatin Hall, May 27. 299-t3

GETTING LEATHER FACTS

In compliance with a request from the House of Representatives in connection with its investigation into the prices of shoes and leather, the Federal Trade Commission is sending out questionnaires to shoe dealers, shoe manufacturers and tanners. The Commission was unable to furnish any information later than 1918. The House resolution requests reports that are up to date in order that pending legislation may be entered on the basis of present conditions.

FORBIDDEN TO WORK SUNDAY

San Placed on Various Tradesmen and Laborers by Old British Laws, Seldom Obeyed.

Now and again we read of a tradesman who, to help his own pocket and oblige certain customers, opens his place of business on Sunday and trades. Some tradesmen have been summoned and fined scores of times, according to London Answers.

The Lord's day observance act forbids—note the selection—any tradesman, workman, artificer or laborer to work on Sunday, except for works of charity or necessity. Further, the above four classes are not to use any boat, or barrow, or sell goods, cooked food excepted, under a penalty of 5 shillings.

If a horse dealer sells a horse on Sunday he cannot, in law, sue for its price; but if neither party to the equine transaction is a horse dealer, then the contract is perfectly good.

And if any ordinary trader sells goods on a Sunday in the ordinary way of his business he cannot only be summoned, but if he has given credit he cannot sue the purchaser! If, however, the purchaser keeps the Sunday-bought goods, and afterward—on a week day—promises to pay for them, then he can, on default, be sued.

But—a wonderful act—farmers, attorneys, surgeons, cab drivers, coach proprietors and Jews are exempt.

Why the act, which we see broken in hundreds of places each Sunday, is not often invoked, is because proceedings cannot be taken without the written consent of the chief constable of the district, two J. P.'s, or a stipendiary magistrate.

Many decline to move in the matter. Otherwise, tradesmen, workmen, artificers and laborers would have a hot time. Professional men would be exempt.

Confucius Great Sage.

The man whose memory has for 2,000 years aroused signal respect and honor in China was a sage, not a saint nor a founder of a religious faith. Confucius took the best of the various Chinese philosophies of his day and formed a cult of his own, using as a basis five cardinal virtues—righteousness, knowledge, sincerity, politeness and discrimination of good. The wisdom of the Chinese Solomon so delighted the people that temples were built in his honor, his wise sayings were widely quoted and came to be taught in the Chinese schools.

Jiu-Jitsu Not Japanese.

Jiu-Jitsu is supposed to come from Japan, but an art of self-defense virtually identical with it was taught in Europe during the seventeenth century. Its principles are expounded in a book by one Nicholas Peters, published at Amsterdam in 1674, which bears the long explanatory title: "The Art of Wrestling, and how one can protect oneself in all kinds of quarrels that may occur; how one can with agility and rapidity repel all unfair attacks, and meet one's adversary with science."

CASTOR OIL NOW MADE TASTELESS

Remarkable Process Perfected by Chemists of Spencer Kellogg & Sons, Inc.

Nobody ever dreamed that castor oil could be made tasteless. Yet it has been done. Chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of casto oil, have perfected a wonderful process whereby castor oil is made absolutely tasteless. Nothing is removed except that disagreeable taste. Strength and purity remain absolutely unchanged. It's the same castor oil that your doctor prescribes with the nauseating taste eliminated. Think what a boon Kellogg's Tasteless Castor Oil is to children and even grown-ups! Insist on Kellogg's Tasteless Castor Oil if you want a castor oil that is really tasteless. Two sizes, 35c and 55c. At all good druggists. (Advt)

Children's Library for Madrid. The ministry of public instruction in Spain has instituted a special library for children in the building of the National library. The proposed library is to be open during the same hours as the National library itself, and it is to admit children under 14. Once it has begun to be operated, children under that age will not be permitted entrance into any other library of Madrid without a special permit specifying the books needed. Special funds have been provided for the library, which will specialize not only on juvenile books, but also reviews and papers that concern themselves with youngsters and their particular problems.

His Closing Schedule.

She was at the back of the church and she was getting restless and anxious to leave. Baby was restless, so mother beckoned the usher to her. "Is the sermon nearly finished?" she asked. "No. Another half-hour yet," replied the usher. "He's only on his 'lastly'." "Will it take him that long to say his 'lastly'?" she asked anxiously. "No, mum! There's 'one more word and I'm done,' and the 'finally,' and the 'in conclusion' to come yet."

Sad Memories.

Looking back at a long and eventful career in which we have said many foolish things, the words we regret most are those we uttered one day back in 1913 when we said: "No, I don't believe I'll take any today."—Home Sector.

MERELY TAUGHT WILSONISM

The public school organization in Washington has been greatly shocked the past few months by the alleged teaching of Bolshevism by a teacher in one of the high schools. The offending individual was suspended for a week without pay and forbidden to discuss current topics with her classes. The teacher denied that she had defended Bolshevism, but stated that she had merely discussed the subject in connection with a study of some of President Wilson's speeches, one of which contained the following reference to Russia: "The evacuation of Russia territory and such a settlement of all questions affecting Russia as will secure the best and freest cooperation of the other nations of the world in obtaining for her an unhampered and unembarrassed opportunity for the independent determination of her own political development and national policy, and assure her of a sincere welcome into the society of free nations under institutions of her own choosing, and, more than a welcome, assistance also of every kind that she may need and may herself desire."

The Washington teacher denied that she had ever defended Bolshevism, but could she, in justice, have been censured if she had followed the principles laid down by the President of the United States? Mr. Wilson specifically favors the independent determination by Russia of her own national policies, after which she shall be given "a sincere welcome into the society of free nations under institutions of her own choosing." Those sentiments were spoken by the President in an address to Congress on January 8, 1918 after Lenin's and Trotsky's carnival of murder and rapine had been in progress for weeks, and when it was apparent to everyone that Russia was plunging headlong into a chaos of anarchy. With the country's leading citizen giving unrestrained approval to such a form of government, why should a teacher in one of our schools be punished if she comments favorably upon it?

SMALL SAVING, BIG WASTE

The Department of Justice has instructed all of its attorneys to enforce rigidly the policy of restricting profits on sugar to one cent for wholesalers and two cents for retailers. The policy is a good one if it were only applied all along the line, but when sugar producers in Louisiana are permitted to charge 17 and 18 cents a pound for their product, it makes comparatively little difference to the consumer whether the dealers make a profit of one cent or two cents. It is a case of save at the spigot and waste at the bung-hole, so far as the interests of the people are concerned.

Secretary Daniels has announced that for the first time two airplanes, without previous agreement upon a definite rendezvous, have succeeded in locating each other and getting into direct communication. This means that the recently perfected radio compass is working successfully.

All persons who have goods of any kind or wearing apparel at R. O. Vetter's, for cleaning or dyeing, will please call and redeem the same within 30 days. A change in business makes it imperative that all such goods be called for within the time noted above.

MAY MAP FORESTS FROM AEROPLANE

Pennsylvania's forests may be mapped from an aeroplane. Gifford Pinchot, the chief State forester, today announced that he had asked for estimates by a commercial aerial camera, and if the cost is not prohibitive the project will be undertaken. Commissioner Pinchot explained that no map showing the distribution of timberland in this State, private and State-owned exists. He declared there was need for such a map in order to show the citizens the vast extent of the potential timberlands, and also to impress upon the public the enormous territory of 5,000,000 acres occupied by the "Pennsylvania Desert." This is the territory that has been lumbered and burned-over so often that it is producing virtually nothing of value.

APPEAL IN LILLEY ESTATE REINSTATED

In the estate of Thomas Lilley, deceased, of which considerable litigation has already arisen, in the matter of the appeal from the appraisalment made for the purpose of determining the transfer tax due the state, Judge Haldain B. Hughes of the Washington county orphans' court has handed down a decree. The motion to quash the appeal, taken by the auditor general of the state through local counsel, is overruled, and the order staying said appeal is lifted and the appeal reinstated. June 23, 1920, has been set as a time for a hearing the appeal. That portion of the estate liable for this tax was appraised at \$647,701.53. It is estimated that Lilley left an estate worth two millions and a half.

Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

GOODYEAR

What's Inside a Tire--- Miles or Disappointment?

We have seen enough grief coming from tires that have no name on them at all, or some name that nobody ever heard of—tires that cost enough to be good but were in the end a disappointment.

For years we wished that some real manufacturer would come out with a small car quality tire that would sell at a low price. Now we have it.

30x3 1-2 Goodyear Double-Cure Fabric, All-Weather Tread \$20.00
30x3 1-2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65
Sizes 30x3 and 31x4 also.

Tires to suit the man who must watch his pennies, and tires that equip the world's most luxurious cars. We have them and every one has the Goodyear name on it and an unlimited service guarantee back of it.

Don't Forget—They Are Goodyears

Woodward Garage

We Have Goodyear Heavy Tourist Tubes Too

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—Mrs. SUSAN C. STAPLES, 157 B School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness. It has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

Everything is expensive now, including reforms. It is estimated that the enforcement of prohibition will cost \$8,000,000 annually, to say nothing of the government's great loss of revenue from the manufacture of spirits.

Sure Relief

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Charleroi woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Charleroi woman's experience:

Mrs. W. H. Hendershot, 814 Fallowfield Ave., says: "I think too much hard work and being on my feet a good deal caused my kidney trouble some time ago. My back was very weak and I often became dizzy and black specks appeared before my eyes. My head seemed to never stop aching and I was so nervous it seemed I could fly. My kidneys acted irregularly, too. Doan's Kidney Pills improved my condition wonderfully, flushing out my kidneys and strengthening my back. I can't say too much for Doan's."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hendershot had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Is Your Blood Starving For Want of Iron?

Iron is Red-Blood Food—Nuxated Iron Helps Put Redness into the Cheeks of Women and Gives Strength and Energy to Men

If you were to go without eating until you become weak, thin and emaciated, you could not do a more serious harm to yourself than when you let your blood literally starve for want of iron—iron that gives it strength and power to change food into living tissue, muscle and brain. Without plenty of iron in the blood, no matter how much or what you eat, your food simply passes through you without doing you any good—you don't get the strength out of it and instead of being filled with youthful strength and energy you are weak, nervous and all run-down. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks, then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form. But don't take the old kinds of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated and like Nuxated Iron if you want it to do you any good, otherwise it may prove worse than useless. You can procure Nuxated Iron from your druggist on an absolute guarantee of satisfaction or your money will be refunded.

Sold in this city by Piper's Drug Store and all other druggists.

BABY NAMED LYDIA E.

**Because Her Mother Was
Made Well by Lydia E.
Pinkham's Vegetable
Compound.**

Brooklyn, N. Y.—"I could not write all my thanks for your blessed medicine, Lydia E. Pinkham's Vegetable Compound. I was in a very bad condition and had lost two babies. One of my good friends told me about Lydia E. Pinkham's Vegetable Compound and after I had taken eight or ten bottles I felt like a different woman. I kept on taking it until my baby girl was born last month and we have had her christened Lydia Elizabeth. I wish you to publish my letter to benefit other women who are suffering as I was."—Mrs. KATHERINE KURZACKER, 1036 Manhattan Avenue, Brooklyn, N. Y.

Women who suffer from any feminine ailment should not lose hope until they have tried Lydia E. Pinkham's Vegetable Compound.

The many convincing testimonials constantly published in the newspapers ought to be proof enough for women who suffer from those distressing ailments to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

All persons who have goods of any kind or wearing apparel at R. O. Vetter's, for leaning or dyeing, will please call and redeem the same within 30 days. A change in business makes it imperative that all such goods be called for within the time noted above.

READ ALL OF THIS

Read it over and act at once.

Have you bought it yet, if not, why not.

Have you looked it up yet. Have you given it a thorough investigation. If so

NOW is the time to Buy.

Money is of no account to any one unless it is working for you or some one else.

We are offering you an opportunity to put your money to work.

We think and believe that we have one of the best Oil and Gas leases in this part of the State (over 200 acres.) There has been two good Gas Wells drilled on these leases. One good Oil Well which is producing 150 barrel of oil per month at the present time. (Pennsylvania Oil is selling for \$6.19 per barrel.) Does this sound good to you, if so

BUY STOCK NOW

Do not put it off until it is all sold and then say I wish I had bought, when it is too late.

BUY NOW

Read extract taken from files of Daily Republican, Monongahela, Feb. 20, 1894.

"In commenting on this production it will be a matter of local interest to publish the following, which is taken from the files of the DAILY REPUBLICAN of the date of Tuesday, February 20, 1894, which refers to the strike of oil at Finleyville a day or so before that time. The article is as follows:

"Four Monongahela business men, all of whom are interested in oil and gas development drove to the Finleyville oil field on Monday. The report that West Frye No. 1, situated about 150 feet across the road from Morrison's Brewery putting out considerable oil. It is 1950 feet down and the drill struck grease in the Gantz sand. The well flowed "by heads" or is intermittent in its flow. Within fifteen minutes the well made three "flows" one was of 20 seconds duration, the next 1 1-2 minutes, the third 45 seconds. In the three times it put out between ten and fifteen barrels. The well makes these flows about one every hour. It is the opinion of the experts that the hole is good as pumper from 100 to 150 barrels per day. A tank is being built with 250 barrels capacity and the "oil saver" was put on about six o'clock Monday evening, when the fluid was turned into the tank and thus was begun the Finleyville oil field, and what shall the Harvest be?

Mr. McCue of the South West Pipe Line, returned from Finleyville on Sunday. He states that from all appearances a fair well has been struck, but it is probably not good for more than 200 barrels per day. The oil

produced, he says, is of a very unusual color, resembling green paint more than anything else. At present the oil is flowing down a small run. Although drilled by the Carnegie Gas Company, it is understood that the new producer is owned by Dr. F. M. Finley and C. F. Thompson. The gas company referred to frequently develops, territory leased by other persons, with the agreement that if oil is obtained the product goes to the person holding the lease, while if the well is a gasser, it becomes the property of the Carnegie Company. This it is said is the situation in this case.

Special to the DAILY:—

Finleyville, Pa., Feb. 22, 1894.

The Frye well is doing 300 barrels per day.

The Frye well, which is mentioned above is still producing but its flow was materially checked years ago when it was "shot" in an attempt to secure gas, thus plugging up the hole to a great extent. At present the well is producing about 150 barrels per month.

This well is on our lease and producing now.

Now is your opportunity do not let it get away from you, it may not come again.
